

How to upload the lecture on the YouTube?

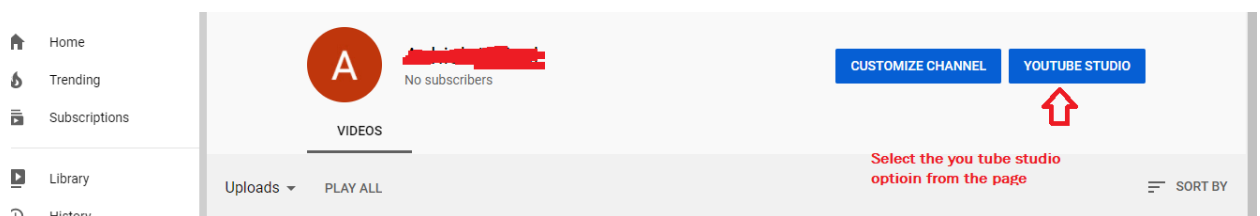

1. Login with your iitrpr or Gmail id

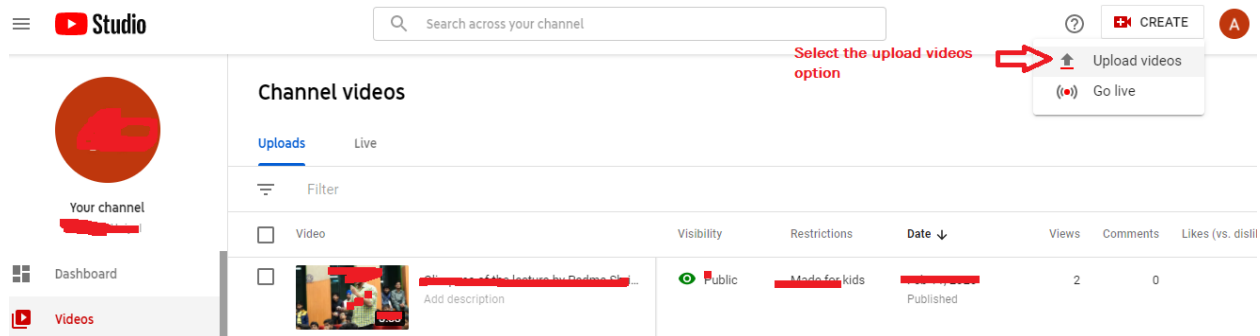

2. After login, select the YouTube option from the right side

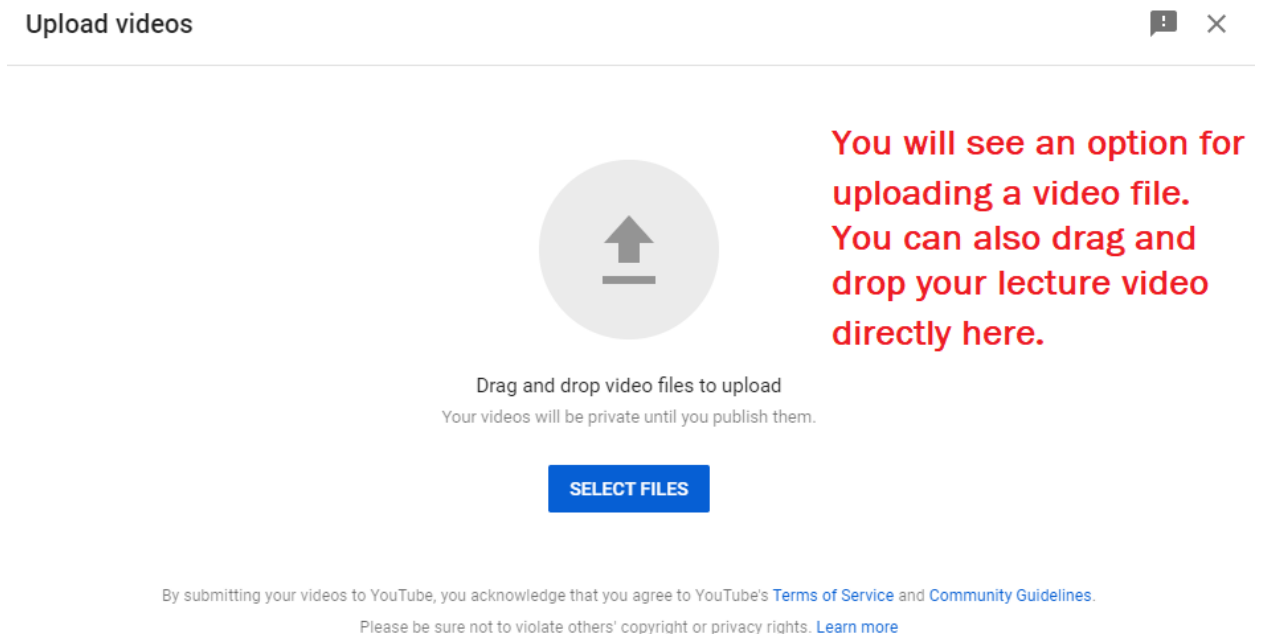

3. Select the YouTube studio as shown in image below.

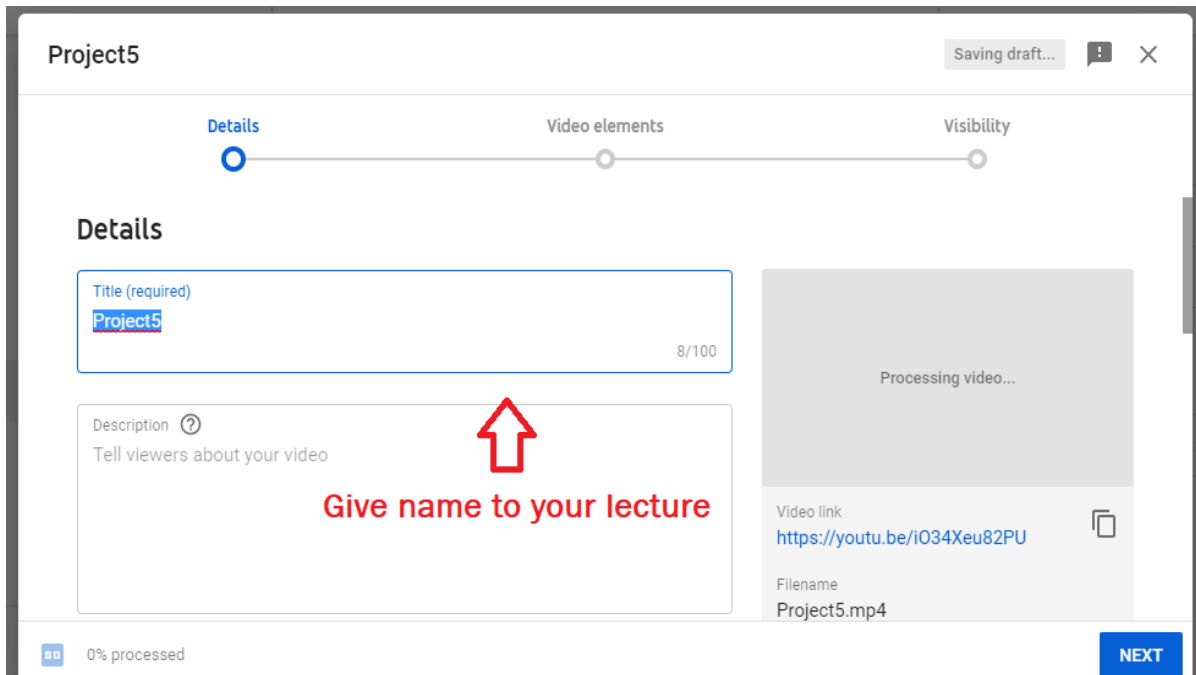

4. Select the upload videos option as shown below.

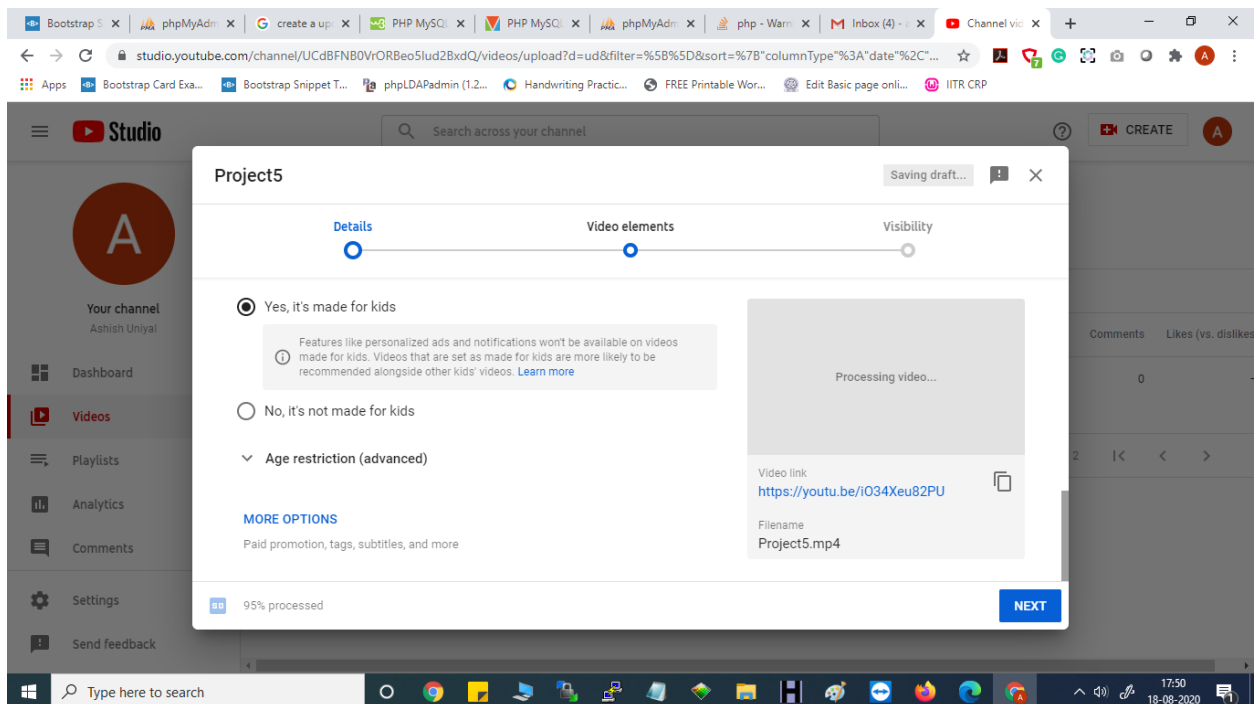

5. You will see an option for uploading a video file. You can also drag and drop your lecture video directly here. As shown below.

6. Give name to your uploaded video and click next as shown below.

7. Now, select option whether it is for kids or not and it private, public etc. and click next

- Now Your video has been uploaded and you will be redirected to following page. Copy the URL of video and share it with students on Moodle

The screenshot shows the YouTube Studio interface for editing a video titled "Project5". The "Title" field is filled with "Project5". The "Description" field is empty, with a red annotation "copy the link of uploaded lecture and update in the moodle" and a red arrow pointing to the video link field. The video link is "https://youtu.be/i034Xeu82PU". The video thumbnail shows a night scene of a building with the text "CAMPUS AT THE DAWN".
